

Precision. Expertise. Reliability

Professional Surveying & Engineering Solutions Since 2006

Excellence in Engineering Since 2006

With a legacy of excellence since 2006, SAJ Engineering Ltd delivers tailored solutions for complex projects. Our brand combines cutting-edge technology, meticulous craftsmanship, and industry-leading expertise to ensure your project's success.

19+

Years Experience

500+

Projects Completed

100%

Client Satisfaction

Our Services

Comprehensive engineering solutions tailored to your project needs

Surveying & Site Development

- ✓ Topography Surveys
- ✓ Monitoring Surveys
- ✓ Site Setting Out
- ✓ Pile Setting Out
- ✓ As-Built Surveys
- ✓ GPS Surveys
- ✓ Establish Site Controls/Gridlines/Datums
- ✓ Swept Path Analysis
- ✓ Volume Calculation

Design & Engineering

- ✓ Architectural Design
- ✓ Structural Design
- ✓ Temporary Works Design
- ✓ CAD Drafting
- ✓ 3D Modeling
- ✓ Technical Drawings
- ✓ Planning Applications
- ✓ Building Regulations
- ✓ Project Management

Calibration & Equipment

- ✓ Instruments Calibration
- ✓ Equipment Testing
- ✓ Quality Assurance
- ✓ Precision Measurement
- ✓ Equipment Maintenance
- ✓ Compliance Verification
- ✓ Certificate of Calibration
- ✓ Technical Support
- ✓ Equipment Training

Why Choose SAJ Engineering?

Industry-leading expertise you can trust

Trusted by Industry Leaders

Trusted by industry leaders on projects like HS2, Battersea Power station, Cross Rail, London 2012 Olympics, and Gatwick Airport.

State-of-the-Art Technology

State-of-the-art technology: Leica GPS/EDM, CAD drafting, advanced volumetric analysis.

Safety & Compliance

Safety & compliance: Adherence to UK/international standards (e.g., CAT scanning).

19+ Years of Excellence

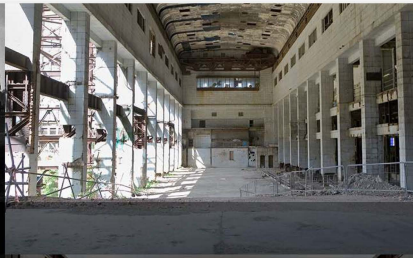

19+ years of excellence: Delivering quality since 2006.

Featured Projects

Major infrastructure projects showcasing our expertise

HS2 High Speed Rail

Advanced surveying and engineering services for the UK's major high-speed rail infrastructure project

Battersea Power Station

Precision surveying and engineering support for the iconic power station redevelopment project

Tottenham Stadium

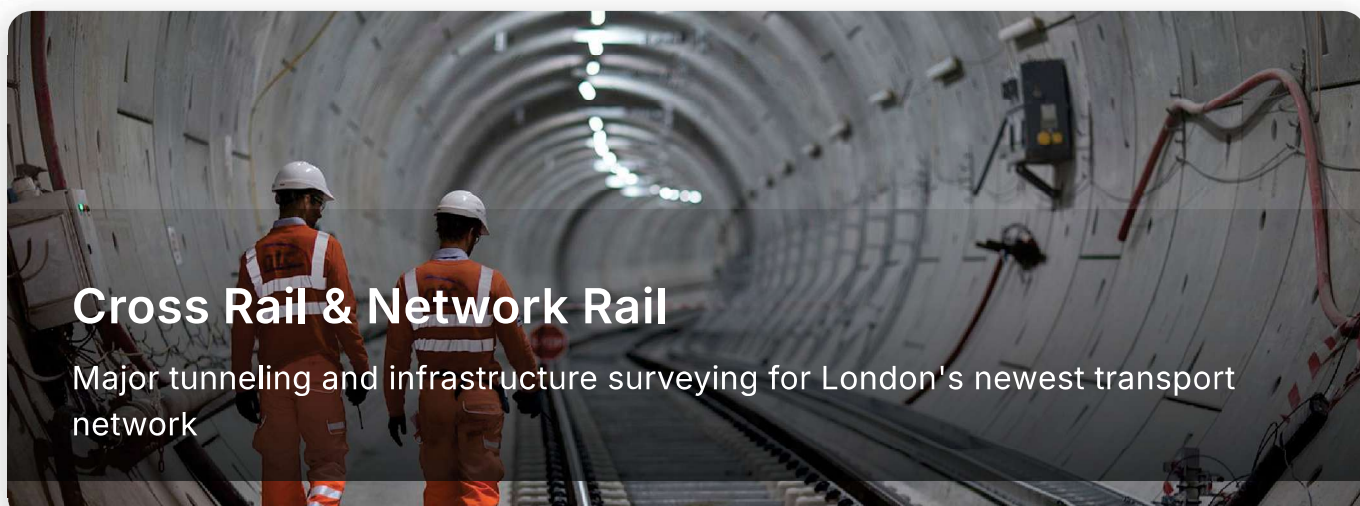

Precision surveying and engineering services for the new state-of-the-art stadium development

M25 J8-J11 Pavement Reconstruction

Precision surveying for major motorway reconstruction and improvement works

Cross Rail & Network Rail

Major tunneling and infrastructure surveying for London's newest transport network

London Olympic Project 2012

Comprehensive surveying and engineering support for the Olympic Park development
